

Dear Critical Worker Parents

Firstly, thank you for all you are doing to support our communities as we continue our journey into the unknown with Covid 19. It is much appreciated, even when it might have been a while since anyone said so!

The government advice is that children of Critical Workers should stay at home if at all possible, and before Easter all of you were able to do this, so school was closed.

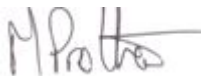

However, we do recognise that things will have changed since then, and the purpose of this email is to enquire whether you are considering sending your children into BCS next week.

Could you please reply to this email by **Thursday 16th April** if this is the case, and include the names of the children you would like school to look after - only yours! - and the days that you would like that care to take place for the week beginning Monday 20th April.

We will then consider the best way to support you once we have a clear idea of numbers

If you do not intend to send your children into school next week, but do change your mind as we go forward, can you please email me by the Thursday of the week before so that we can allocate staff appropriately for the coming week.

Regards
