4. Conflict of Interest Conflict of Interest Form for GCSE

4.1 Purpose

To protect the integrity of assessments, all staff must declare any personal interest that could be perceived as a

conflict of interest.

4.2 Definition

A conflict of interest exists where a member of staff's personal relationship with a candidate (for example, as a family member, guardian, or close friend) could compromise their objectivity.

4.3 Declaration Process

- All staff must declare any potential conflicts of interest to the Head of Centre at the start of each academic year.
- Staff must also declare any conflicts that arise during the academic year as soon as they become aware of them.
- Declarations must be made in writing using the school's Conflict of Interest Declaration Form.

4.4 Managing Conflicts

The Exams Officer will manage the conflict. Measures may include:

- An invigilator will not be assigned to an examination room where a relative is a candidate.
- A teacher will not be the sole marker for NEA completed by a relative.

The dishonest and unacknowledged use of Artificial Intelligence (AI) is a form of plagiarism and will be treated as serious misconduct.

What Constitutes Malpractice:

- Using AI tools to generate text, ideas, or answers and presenting them as your own original work.
- Failing to acknowledge the use of AI tools where they have been used.
- Using AI tools where their use is explicitly prohibited by the awarding body.

Appropriate Use of AI:

Candidates will receive clear guidance on when and how AI tools may be used appropriately. This may include:

- Using AI as a research tool (similar to a search engine).
- Using AI to help understand concepts or check understanding.
- Using AI for proofreading or grammar checking (where permitted by the awarding body).

Key Principles:

- Any use of AI must be acknowledged and documented in accordance with awarding body requirements.
- Candidates must demonstrate their own understanding and critical engagement with any AI-generated content.
- The final work submitted must be the candidate's own.

5.5 Examples of Staff/Centre Malpractice

Staff and centre malpractice includes:

- Assisting candidates inappropriately during examinations or NEA.
- Failing to keep examination materials secure.
- Failing to report suspected malpractice.
- Failing to follow JCQ regulations.
- Providing inappropriate assistance with NEA.

- The candidate or staff member will be given the opportunity to respond to the allegation.
- If the investigation suggests malpractice has occurred, the Head of Centre will report it to the relevant awarding body using the JCQ Form M1 (suspected malpractice).
- The school will cooperate fully with any awarding body investigation.
- The awarding body will determine the outcome and any penalties.

During the Investigation:

- Candidates suspected of malpractice may be allowed to continue with their examinations pending the outcome.
- All evidence will be secured and stored confidentially.
- The candidate and their parents/carers will be kept informed of progress.

- Staff will teach candidates the correct way to conduct research, cite sources, and appropriately use/acknowledge AI.
- Staff will receive regular training on identifying and preventing malpractice.
- Examination rooms will be set up in accordance with JCQ requirements to minimise opportunities for malpractice.
- Invigilators will be vigilant and challenge any suspicious behaviour.

6. Non-Examined Assessment (NEA) and Coursework

This section covers all internally assessed components, such as coursework, practicals, and controlled assessments.

6.1 Security

Subject Leaders must ensure all NEA materials are stored securely, whether in locked cabinets or on password-protected school networks. This includes:

- Task-setting materials received from awarding bodies.
- Candidate work in progress.
- Completed candidate work awaiting submission.
- Mark schemes and assessment criteria.
- Marking and moderation documentation.
- Access to secure storage areas must be restricted to authorised staff only.

6.2 Authentication

All candidates must sign a declaration confirming the submitted work is their own. Teachers must be confident that the work is authentic and must sign the declaration to confirm this. Procedures include:

- Regular supervision of work in progress.
- Discussions with candidates to verify understanding.
- Checking work against known candidate ability.
- Using plagiarism detection software where appropriate.
- Comparing work with previous submissions.
- Investigating any concerns about authenticity immediately.

Where a teacher cannot authenticate a candidate's work, this must be reported to the Exams Officer and the awarding body.

6.3 AI and Plagiarism

It will be made clear that using AI-generated content without appropriate acknowledgement is a breach of rules (see

Section 5.4).

Staff will:

- Teach candidates the correct way to conduct research and cite sources.
- Provide clear guidance on what constitutes plagiarism versus acceptable research.
- Demonstrate how to reference sources correctly.
- Provide specific guidance on when and how AI tools may be used appropriately for each qualification.

Candidates must understand that:

- All sources must be acknowledged, including AI tools.
- Presenting someone else's work (including AI-generated content) as their own is malpractice.
- Collusion with other candidates is not permitted unless explicitly allowed.
- They are responsible for ensuring their work is authentic.

6.4 Internal Standardisation

Departments will carry out internal standardisation to ensure all teachers are marking to the same standard before marks are submitted. This includes:

- All teachers marking the same NEA component meeting to discuss the mark scheme.
- Marking sample work together to ensure consistency.
- Comparing marks and discussing any discrepancies.
- Agreeing on the application of the mark scheme.
- Documenting the standardisation process.
- Completing this process before marks are submitted to awarding bodies.

Where only one teacher is marking a particular component, they must ensure they fully understand the mark scheme and may seek advice from the awarding body if needed.

6.5 Deadlines

All internal deadlines for completing and submitting NEA will be published and must be met.

- Deadlines will be communicated through multiple channels (student planners, school website, letters home).
- Candidates who fail to meet internal deadlines without valid mitigating circumstances may not be entered for that component.
- Extensions will only be granted in exceptional circumstances (e.g., serious illness) and must be approved by the Head of Department and Exams Officer.

6.6 Task Setting

Where the awarding body provides a choice of tasks, the selection must be made by the teacher in consultation with the candidate, taking into account the candidate's strengths and interests. Tasks must:

- Be appropriate for the candidate's ability level.
- Allow the candidate to meet all assessment criteria.
- Be set in accordance with awarding body regulations.
- Not be modified unless explicitly permitted by the awarding body.

6.7 Supervision and Monitoring

The level of supervision required will vary depending on the awarding body requirements. Teachers must:

- Understand the supervision requirements for each qualification (e.g., Controlled Assessment vs. Independent Work).
- Ensure these requirements are met.

- Document supervision appropriately.
- Report any concerns about candidate conduct during supervised sessions.

7. Examination Contingency Planning

The school has a detailed Exam Contingency Plan in place to deal with any potential disruption to examinations.

- Staff absence (e.g., illness of the Exams Officer or key invigilators).
- National or local emergency.
- Disruption to the distribution or receipt of examination papers.
- Failure of IT systems.

7.2 Communication

All candidates and parents are made aware that they must be available up to and including the official **JCQ Contingency Day**. This date is published on the exam timetable each year.

In the event of disruption:

- The school will communicate with candidates and parents as soon as possible via text, email, and the school website.
- Candidates should not assume examinations are cancelled unless officially notified.

7.3 Contingency Arrangements

The school maintains:

- Contact details for all candidates and staff.

8. Safeguarding and Candidate Welfare

Bradford Christian School is committed to safeguarding and promoting the welfare of all candidates. Safeguarding is everyone's responsibility. This commitment is paramount during the examination period, which can be a time of heightened stress.

8.1 Staff Responsibilities

All staff involved in the examination process, including invigilators, are aware of their safeguarding responsibilities and are trained to be vigilant. Responsibilities include:

- Being aware of the school's safeguarding and child protection policy.
- Knowing the Designated Safeguarding Lead (DSL).
- Understanding how to recognise signs that a child may be at risk.

- Knowing how to report safeguarding concerns.

8.2 Reporting Procedures

Invigilators know the procedure for reporting any concerns about a candidate's well-being. Staff manage the requirement to maintain confidentiality by only involving those who need to know (such as the DSL and children's social care). Staff should never promise a child that they will not tell anyone about a report of abuse, as this may not be in the best interests of the child.

Any safeguarding concern arising in an examination will be reported immediately to the DSL in line with the school's *Safeguarding and Child Protection Policy*.

8.3 Specific Examination-Related Safeguarding Considerations

Staff should be aware that children being absent from examinations, particularly repeatedly, can be a warning sign of safeguarding risks, including abuse or exploitation.

- Early intervention is essential.
- Staff are trained to recognise signs of distress or anxiety.
- Candidates who disclose safeguarding concerns during examinations will be supported appropriately.
- Children should understand how confidentiality will be handled.

8.4 Creating a Safe Environment

The school will:

- Ensure examination rooms have clear lines of sight for invigilators.
- Ensure adequate supervision at all times.
- Provide a calm and supportive environment.
- Have clear procedures for candidates who need to leave the room.
- Ensure first aid provision is available.

9. Equality and Inclusion

We are committed to providing an inclusive environment and ensuring that no candidate is unfairly disadvantaged. All examination procedures will be conducted in accordance with the Equality Act 2010.

9.1 Reasonable Adjustments and Access Arrangements

The school will:

- Identify candidates eligible for access arrangements.
- Apply for arrangements in accordance with JCQ regulations.
- Make reasonable adjustments for disabled candidates.
- Ensure examination venues are accessible.

9.2 Aim

Our aim is to ensure all candidates have fair access to assessments and that no candidate is disadvantaged due to:

- Disability
- Special educational needs
- English as an additional language
- Temporary illness or injury
- Any other protected characteristic under the Equality Act 2010

9.3 Further Information

For full details, please see our centre's *Equality Policy*, available on the school website.

10. Candidate Identification

10.1 Purpose

To ensure the person sitting the examination is the person who has been entered for it, preventing malpractice through impersonation.

10.2 Internal Candidates

The identity of candidates who are current students will be confirmed by invigilators and school staff who know them.

- Candidates must report to the examination room at the published time.
- Invigilators will check candidates against the seating plan.
- Any candidate not recognised by invigilators must provide identification.
- Candidates must sit at their allocated desk.

10.3 External Candidates

External candidates must present formal photographic identification to the Exams Officer prior to the examination series. The Exams Officer will then confirm their identity to the invigilators at the start of each examination.

Should the Exams Officer not be available, the candidate must present this identification to the invigilator before being allowed into the exam room. Acceptable forms of photographic identification include:

- Valid passport
- Valid photocard driving licence
- National identity card (for non-UK nationals)

The photographic ID must be current and clearly show the candidate's face. The school will not accept non-photographic ID, expired documents, or student ID cards from other institutions as proof of identity.

11. Access Arrangements

11.1 Identification and Application

The SENCo, in collaboration with subject teachers and the Exams Officer, is responsible for identifying candidates who may require access arrangements (e.g., extra time, readers, scribes, modified papers).

- Assessments to determine eligibility must be carried out by a suitably qualified assessor.
- Applications to awarding bodies must be processed and approved before the deadlines published by JCQ.
- The SENCo must maintain a file of evidence for each candidate to support the application, which may be inspected by JCQ.

11.2 Implementation

- The Exams Officer and SENCo will ensure that approved arrangements are put in place for all relevant examinations.
- Invigilators will be informed of which candidates have access arrangements and how to administer them (e.g., managing rest breaks or prompting).

- Candidates will be informed of their approved arrangements prior to the examination series.

11.3 Word Processors

The use of a word processor in examinations will be granted to a candidate where it is their normal way of working within the centre and is appropriate to their needs. The centre holds a separate *Word Processor Policy* detailing the criteria for awarding and managing this arrangement.

12. Estimated Grades and Special Consideration

12.1 Estimated Grades

Estimated grades are submitted to awarding bodies when requested. These are based on the teacher's professional judgement of the grade the candidate would most likely achieve if they sat the examination. They are used for administrative purposes and, in rare specific circumstances, to calculate a grade for a missing component.

12.2 Special Consideration

Special consideration is a post-examination adjustment to a candidate's mark or grade to reflect temporary illness, temporary injury, or some other event outside of the candidate's control at the time of the assessment.

Procedures:

- **Notification:** Candidates or parents must notify the Exams Officer or Head of Centre immediately if a candidate is affected by adverse circumstances on the day of an exam.
- **Evidence:** Appropriate evidence (e.g., a letter from a GP or hospital) may be required to support the application.
- **Application:** The Exams Officer will submit the application to the awarding body within seven days of the last examination in the series.
- **Outcome:** The decision to award special consideration and the level of adjustment is at the sole discretion of the awarding body.

13. Post-Results Services

13.1 Services Available

Following the release of results, the following services are available:

- **Review of Results (RoR):** A check of the clerical procedures or a review of marking.
- **Access to Scripts (ATS):** A request for a copy of the marked examination script (either to review before an RoR or for teaching and learning purposes).

13.2 Procedures and Consent

- Candidates must sign a consent form before any post-results service is processed.
- **Important:** Candidates must be made aware that on a Review of Results, marks and grades can go **down** as well as up or stay the same.
- Fees for these services are set by the awarding bodies and must usually be paid by the candidate or parent, unless the school supports the review due to a concern about the accuracy of marking across a cohort.

13.3 Deadlines

The Exams Officer will publish strict internal deadlines for requesting these services to ensure awarding body deadlines are met. Requests received after the deadline will not be processed.

14. Whistleblowing

14.1 Policy Alignment

This section aligns with the school's wider *Whistleblowing Policy*. It encourages staff and students to report any

concerns about malpractice or the administration of examinations without fear of reprisal.

14.2 Reporting

- Staff or students who have concerns about the integrity of the examination system should initially report them to the Head of Centre.
- If the concern involves the Head of Centre, or if the whistleblower feels unable to report internally, they may report directly to the relevant awarding body or to the JCQ.
- The JCQ provides a specific email address and guidance for whistleblowers on their website.

15. Concerns, Complaints and Appeals

15.1 Internal Complaints

If a candidate or parent has a complaint about the conduct or administration of an examination, they should follow the school's *Internal Appeals Procedure*.

- Complaints should be made in writing to the Head of Centre.
- The Head of Centre will investigate the complaint and respond in writing.

15.2 Appeals against Internal Assessment Decisions

Bradford Christian School is committed to ensuring that whenever its staff assess students' work for external qualification (NEA), this is done fairly, consistently, and in accordance with the specification.

- Candidates have the right to appeal the mark awarded for NEA if they believe the procedures were not followed correctly.
- Details of this process are provided to candidates before they submit their work.

15.3 Appeals to Awarding Bodies

If the school or a candidate remains dissatisfied following the outcome of a Review of Results (RoR), an appeal may be made to the awarding body. This must be submitted by the Head of Centre.

16. Data Protection and Information Sharing

16.1 Compliance

All personal data collected and processed for examination purposes is handled in accordance with the Data Protection Act 2018, the UK GDPR, and the school's *Data Protection Policy*.

16.2 Information Sharing

- The centre shares candidate data (name, date of birth, gender, unique candidate number) with awarding bodies to process entries and issue results.
- Medical or psychological evidence collected for Access Arrangements is sensitive data and is stored securely with restricted access.
- Results data is shared with the Department for Education (DfE) and the Local Authority as required by law.

16.3 Data Retention

Examination records, including seating plans, attendance registers, and script dispatch logs, are retained for the period specified by JCQ (usually until the deadline for appeals has passed) and then securely destroyed.

17. Training and Induction

17.1 Exams Officer

The Exams Officer undertakes regular training to stay updated with JCQ regulations, including attending awarding body meetings and reviewing the *Instructions for Conducting Examinations (ICE)* annually.

17.2 Invigilators

- All invigilators (new and experienced) must attend an annual training session led by the Exams Officer.
- This training covers JCQ regulations, safeguarding, malpractice, and emergency procedures.
- A record of the content of the training and the attendees is retained on file.

17.3 Teaching Staff

Teaching staff are briefed annually on their responsibilities regarding examination entries, NEA administration, and malpractice prevention.

18. Policy Review and Communication

This policy is reviewed annually by the Head of Centre and the Exams Officer to ensure compliance with the latest JCQ regulations.

- **Next Review Date:** June 2026
